Hydraulic Grapples

Agritech's Hydraulic Grapples offer superior control and versatility compared to conventional "stiff arm" type grapples. Two custom made heavy duty 3" hydraulic cylinders are supplied fitted to models up to 16 tonne, with 4" cylinders on the 20 tonne model. Hoses and fittings to hitch level are supplied. Suitable for handling anything from mulch to rocks, logs or concrete, the precision and ease of handling make an Agritech Hydraulic Grapple a sound investment.

5 Tonne Model Shown

CARRIER SIZE (tonne)	3-5	6-10	11-16	20-24
